

FEEDING INNOVATION in Greater Minnesota

Broadband-powered technology plays a critical role in spurring the competitiveness of Minnesota's Ag sector and Ag-dependent communities.

You're Invited...

Please join us at **United Farmers Cooperative** in **Winthrop, Minnesota** to learn about how broadband and Ag-technology will affect the future of Minnesota's agricultural sector, and what our farmers and farming communities are doing to take advantage of these opportunities. Now more important than ever!

Thursday, September 12

9:00 am – 4:00 pm

Berdan Center

705 4th Street East; Winthrop, MN 55396

Registration fee: \$49

Includes light breakfast and lunch, prize drawing!
