

# Uber is Here in Kandiyohi County!

Mid-Minnesota Development Commission (MMDC) is working to make rideshare service (e.g. Uber) available to Kandiyohi County residents! With generous funding from the Willmar Area Community Foundation, we're working with two Uber Drivers to increase transportation service throughout the county, especially during late afternoon, evening, and weekend hours!

## You Can Use Uber For:

- **Rides to Work**
- **Appointments & Errands**
- **Grocery Runs**
- **Social Outings & Community Events**
- **Safe Rides Home**
- **And More!**

Whether it's your everyday commute or a last-minute need, rideshare services help fill the gaps in rural transportation.

## To Use Uber, Follow These Steps:

### 1. Download the Uber App to Your Smartphone

Just search for "Uber" in the App Store (iPhone) or Google Play (Android) or simply scan the QR code to the right.

### 2. Set Up Your Account

Just follow the prompts to create a free account. You'll need a phone number and payment method (credit/debit card, PayPal account info, or Uber gift card).

### 3. Enter Your Destination

Simply input where you want to go and confirm your pickup location.

### 4. Choose a Ride Option

Select the type of ride you'd like (UberX is the most common)

### 5. Request Your Ride

When you confirm your trip you'll be notified that a driver is on their way to pick you up. **Be ready for their arrival!**

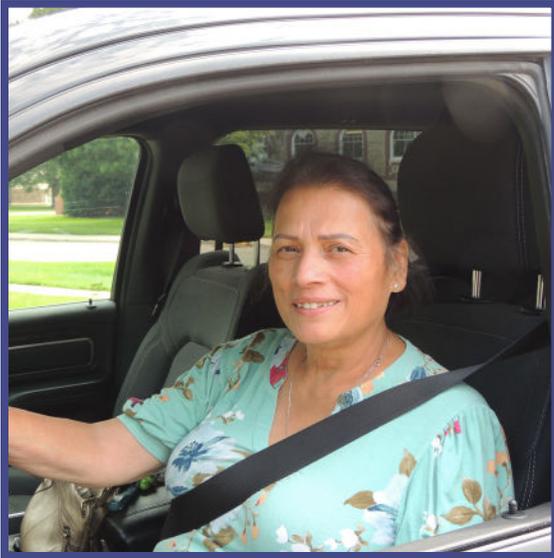

**Not sure how to get started or need some help downloading the app? Contact MMDC Mobility Manager Terry Smith at (320) 235-8504 and he'll be happy to help you out!**

# Meet Our Uber Drivers!

**Blanca**

Blanca is a retired correctional youth councilor who enjoys staying active. She speaks both English and Spanish and is committed to help fill transportation gaps for anyone who needs a ride!

**Chris**

Chris is an experienced local Uber driver. He's committed to helping Kandiyohi County residents get to their destinations in safety and comfort!

Both Blanca and Chris will be using their Uber driver app to connect with riders who need a lift, especially during late afternoon, evening, and weekend hours. They're both ready to help you learn how to use Uber and make your experience a positive one!

## Interested in Driving for Uber?

As more people use Uber, we'll need more Uber drivers! If you have good customer service skills, a vehicle, and an interest in earning some extra money by driving for Uber, learn more at the Drive with Uber website: <https://www.uber.com/us/en/drive/>
